## KARNIVAL COMMITTEE SAYS "THANK YOU"

The Drayton Valley and District Chamber of Commerce, having received the latest report regarding the results of the first Klondike Kampers' Karnival and noting an unfortunate financial deficit would take this opportunity of thanking all who helped with the planning, preparation and presentation of both the Kampers' Karnival in July and the Drayton Water Festival in September. Had it not been for the many sizeable contributions of time, materials and equipment including safety boats on the river, the deficit would have been far more substantial.

Briefly, the total bills submitted for payment in respect to the two events was \$4,092.43 whereas receipts totalled only \$1,225.74 leaving a gross loss of \$2,866.69.

The reason for the loss was without doubt the inclement (to put it mildly) weather which turned the new North Saskatchewan River Campsite into a veritable quagmire and made any gate admission charges or midway concession activities out of the question. It also prevented the many anticipated visitors from the surrounding country and the cities from coming out for the event although a few trailers were still to be seen pulling in late on the Friday night and looking for suitable parking facilities. On the other hand, provident sunshine blessed the Drayton Water Festival, and, being able to levy a gate charge and operate a limited number of concessions at the campgrounds permitted at least a partial recovery of the original financial deficit.

It is emphasized however, that while a gross financial loss of almost \$3,000 is indicated, after allowing for work completed in preparing the campgrounds, provision of tables, garbage barrels, comfort stations, a water well and pump, as well as other equipment - including electrical - and props for the show itself, the actual net loss is less than \$1,000 a portion of which can be charged to advertising and promotion of Drayton Valley.

At this time, a committee is being formed by the Chamber of Commerce to review the results of the 1965 Karnival and make plans for the 1966 Klondike Kampers' Karnival - it is not the presently proposed plan to repeat the Drayton Water Festival which was held strictly with a view to recovering at least a portion of the money lost in July and, unless we are unfortunate enough to experience similar July weather next year - can we get THREE similar years in a row? - the citizens of Drayton Valley who supported the event so staunchly this year can hope to worry about where we will put all the visitors that didn't come in '65 and make up for it in '66.

### NEW BRUCELLOSIS VACCINATION PROGRAM

Now is the time for us to make every effort to have all eligible heifer calves vaccinated to help eradicate "Brucellosis" or Bangs disease from the cattle population in this area. Extensive research has shown that greatest immunization developed when vaccinations were done within well defined age limits. Present regulations require all heifer calves be vaccinated between the ages of four and nine months or 120 to 270 days inclusive.

Consequently we now ask and do need the indulgence and co-operation of all cattle owners within this extensive area. This is an urgent and important item of your farming and ranching operations and should be treated as such.

While time seems to be fleeting; yet with your good will and co-operative assistance we may yet have the program completed at an early date. The assisting area Captains will surely appreciate your tolerance with irritations, and your generous and pleasant help so that the vaccinations may progress rapidly and all be finished within the age time limits.

In 1964 there were 3606 heifer calves vaccinated in this district with nearly 600 farm visits - so you may realize the size of the operation involved in this program.

### RAMONA NEWS

Mrs. M. Wood, Correspondent.  
The Ladies of the Ramona Community League catered to the Gymkhana Banquet on the 6th of November. It turned out a big success.

We hope Michael Blake is feeling better after having

## HOCKEY CLUB TO MEET

The Drayton Valley Rebels, the town's Intermediate Hockey Club will hold their annual pre-season meeting on Thursday, November 25, 1965 at 8:00 p.m. in the Recreation Office. All those interested in playing hockey at the Intermediate level are requested to be on hand for this important meeting.

The Rebels will be competing in the Hi Way 16, West Intermediate League this winter. The local club has met with much success in this league in other years and look forward to another good season again this year.

If you can play hockey the Rebels need your services this winter. Attend the meeting Thursday night.

## UNITED CHURCH TO MARK ANNIVERSARY

On Sunday, November 28th the Drayton Valley United Church will mark the completion of its tenth year of life and work. Guest preacher for the occasion will be Rev. William Sayers of Lloydminster, who was the first resident United Church minister.

The life of the United Church began in late 1954, with students from St. Stephens Theological College in Edmonton holding services here. Dr. E.J. Thompson, Principal of the college, also took part in this venture. Early in 1955, Mr. Sayers was appointed to the charge. He and his wife and family took up residence in the present manse, which then stood al-

most alone on 53rd Avenue.

During the early years, the worship of the United Church moved from place to place. At times the services were held in the Old Elementary School, then in the Elks Hall and in the Scout Hall. It was not until 1957 that the present building was begun.

Our guest preacher for the anniversary service at 11:00 a.m. Sunday, Rev. Bill Sayers, gave leadership and guidance all through that early period in the life of our Church. He remained in Drayton Valley until the summer of 1958, when the present building was well on the way to completion.

For those interested in meeting the Sayers, or in renewing an old acquaintance, are cordially invited to a coffee hour which will follow the morning service and which will be held in the Church Assembly Room.

travel to Thorsby and then will return to Drayton for a return game with Seba the following night.

The Warriorettes went down to defeat to the Mayerthorpe girls in the opening contest.

The transistor radio that was drawn for between Friday night's games was won by Kerry Brown.

A large crowd is looked for come this Friday when Drayton hosts Seba Beach.

## OIL WIVES HOLD 'SPIEL

The Drayton Valley Oil Wives Club held their second annual mixed curling bonspiel on Saturday, November 20th. There were twenty rinks, consisting of Oil Wives and their husbands, participating in the  
Cont. on Page 12

## Warriors Lose To Mayerthorpe

The F.M.H.S. Warriors spotted the Mayerthorpe boys ten points in the first quarter and spent the rest of the even-

ing trying to catch them as they dropped a wide open contest 78 - 65. The Warriors outscored the Mayerthorpe team 41 - 40 in the second half but couldn't recover from their slow start. Jim Cathrea again led the Warrior scorers with a fine 34 point effort. Larry Metelski dropped in 9 points for the Drayton boys and set up many of Cathrea's baskets. Rolf de Geest followed with another 8 points. For Mayerthorpe, Bruce Daniel put on a fine display of basketball skill as he accumulated 37 points. Cam Russ followed Bruce with 11 points.

The Warrior coach was well pleased with his boys' effort and he feels that the team could come through with a better than average season.

The Warriors open their league tomorrow night as they

## FISH AND GAME TO MEET

An important meeting of the Drayton Valley Fish and Game Association will be held at 8:00 p.m. sharp on Thursday, November 25th in the basement of the Goliad Building.

President Karl Degen reports that the survey has been completed on the dam project near Violet Grove and plans are ready to be forwarded to the Water Resources Branch for approval. A good turnout of members is requested to complete these plans.

Films will be shown following the meeting and coffee and doughnuts served.

## STUDENT ADDRESSES ROTARY CLUB

Miss Loma Lambert, a student at Frank Maddock High School, was a special guest at last Wednesday's ladies' night dinner of the Drayton Valley Rotary Club. She was selected earlier this fall to attend a gathering of young people sponsored by the Lethbridge Rotary Club and held for two days in the southern

city.

The get-together, "Something for Young Minds", is sponsored annually by the Lethbridge Club with representatives attending from all over the province. Selections are based on scholastic ability and leadership qualifications.

Miss Lambert gave a comprehensive and interesting ac-

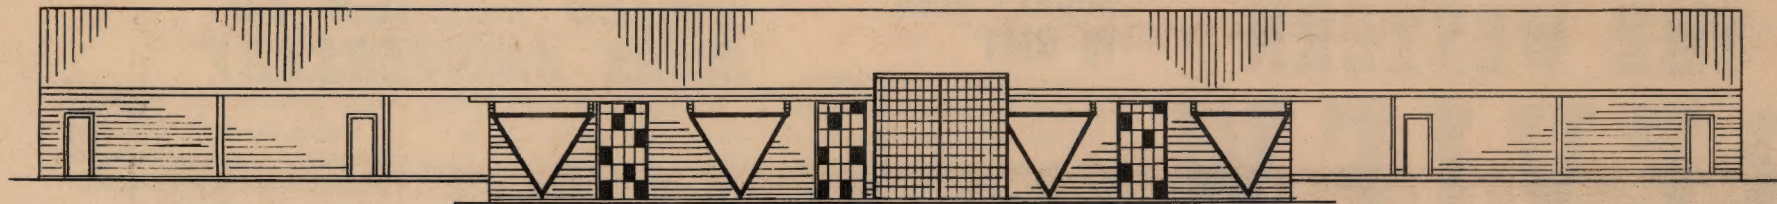

count of the trip that included visits to government facilities and agricultural and industrial institutions in the Lethbridge area. The trip included visits to the government research station, the Lethbridge Herald, a television station and sugar beet farms and the Canadian Sugar Factories refinery at Taber.

Loma Lambert is shown above addressing Rotary members

## Drayton Valley Centennial Project

The Centennial Committee plans to make application to the Alberta Centennial Commission for Centennial Grants prior to January 1, 1966. In the interest of keeping the people of Drayton Valley and area informed, this newspaper is showing the following. The general site plan of the project, the floor plan of the arena and Civic Centre, and a front view. SITE PLAN - It is apparent from this plan that there is no better place in town for this project. It is close to downtown, bordering on existing pavement, sewer, water, electrical and

gas facilities, has adequate parking facilities and has room to expand in future years. It is also located near other civic and recreation buildings and the downtown area. FLOOR PLAN - This plan shows a regulation size arena that will seat over 800 people and stand an additional 400 people. For special events where the ice area is not all required much additional seating will be available. It will be ideal for all skating events, carnivals, both winter and summer, gymkanas, fairs, agriculture shows and many other events.

It will be equipped with artificial ice. The Civic Centre area although not as large as originally planned, will be designed so that additions may be made on either end at minimal cost and without major disruption of the present building. However, this plan should be adequate for the time being and seems to be within our present budget. The assembly area and lobby combination contains approximately 1800 square feet and should readily seat up to 300 people. When not required as a major assembly room, it

can be divided into 2 rooms and can be used simultaneously for smaller gatherings, teenage parties and dances or any other adult or youth requirements. FRONT VIEW - This view is added so that you can visualize what the completed project will look like and your Committee feels that this project when completed will not only serve the community well, but will be a fitting tribute to Canada which will be celebrating its 100th anniversary in 1967.

## Lions Club Meeting

The Drayton Valley Lions Club held its regular bi-monthly meeting in the Cardium Room on November 16, 1965.

Assembled for the supper meeting, besides Lion members, were the Mayor and his wife, town councillors, local Police Chief and force, personnel in charge of Emergency Measures Organization (EMO), Fire chief, members of the Rotary Club, Legionaires, members of other clubs and several other guests.

Alberta Government Telephones had prepared an interesting program for all present. Local A.G.T. personnel prepared a telephone hook up with the North American Air Defense Command Headquarters in Colorado Springs, U.S.A. Ken Wright, A.G.T. Public Relations chairman, talked with the Commander In Chief on duty at NORAD headquarters for 30 minutes. The function of NORAD as the defender of the Continent against bomber attack and how they are interconnected with the major offensive military services were explained.

On behalf of the Drayton Valley Lions Club and all assembled guests, Alberta Government Telephones, who play a vital role in NORAD, deserve and received a big vote of thanks for presenting such an educational program.

The Lions mixed curling bonspiel is to be held on Saturday, December 11th.

Grey Cup Day, November 27th is fast closing in on us. Tickets are still on sale and may be obtained from any Lion member. Prizes total \$600.00.

The Lions Club sent a Christmas gift to their foster child in Austria.

Lions Stu Lunan, Roy Cabel and Richard Dzienka attended the Lions Zone 1 B meeting in Devon on November 17, 1965. More news of this meeting will follow the local Directors meeting on November 22nd.

Follow Lionism in your local Newspaper.

## MOON LAKE NEWS

The Hoot Owl Community League is holding a linen shower for Miss Bertha Ryckis on Wednesday, November 24th in the afternoon at the Moon Lake Hall.

The F.U.A. Local 518 is holding a social evening in the Millbank Club house for its members.

# Short Cut Channels Reduce Flood Level of Winding Pembina

Six River-channel cut-offs have been completed and two more are planned for completion late this year or early in 1966 in the Pembina River Flood Control project presently being undertaken by the Water Resources Branch of the Alberta Department of Agriculture.

The project, which was started in 1957, is designed to diminish flooding which has been caused by the extremely twisting course of the river, particularly in the stretch between Jarvie and Manola, the waterway is more than twice the length of the straight-line distance between the two points. This extreme winding cuts down the speed of the water flow, resulting in serious flooding whenever the discharge volume rises beyond a certain point.

To combat these conditions, Water Resources Engineers are using a method which is also being applied in Mississippi, Germany and Sweden. The best location for a channel cut-off is selected and that land which lies in the area enclosed by the channel and the river is purchased by the government. The size of the enclosed area varies considerably, with 200 acres the largest section purchased to date. Short cut channels are then surveyed and constructed across the tops of the selected loops. These assist in straightening out the river's tortuous course and speed up the flow of water, thereby lessening the danger of flooding.

The cut-offs average 20 feet in depth and are designed to allow the river to establish its

own degree of slope. The channel is first cut quite steeply, then the action of the water reduces the slope and extends it upstream.

Although this method of flood control is still considered largely experimental, definite results were observed this spring in those areas influenced by the cut-off channels. The water level was reduced by an estimated two feet, and the channels themselves carried the additional flow of water without damage. Additional data on further construction is expected to be obtained through close observation of the water level as affected by completed cut-offs.

## C. W. L. CARNIVAL PROVES SUCCESS

The first carnival that the C.W.L. of Evansburg held on October 15th at the legion hall was a tremendous success. Games of chance, bingo, and jitney dancing contributed to an enjoyable evening. Lunch was served.

The crowning of the Queen was the main attraction. Lorraine Anderson of Mayerthorpe won the crown with Linda Paron and Janet Cummings both of Evansburg as runners-up.

The three winners of cash prizes were Mrs. F. MacDonald of Sangudo, George Pawlik of Entwistle and Miss Shelley Blasco of Mayerthorpe.

The C.W.L. would like to sincerely thank all who attended and we hope that you will continue to attend our future carnivals.

## Evansburg News

Mrs. M. Bruner, Correspondent

The Remembrance Day parade and service were well attended by residents of the village and surrounding district. This year, marching with the returned men, cadets, Elks and Ladies of the Royal Purple, were the boys from the 1st Pembina Valley Cub Pack and their leaders. Leading the parade were two members of the R.C.M.P. in their scarlet tunics. After the service, conducted by Fr. Ayling, sandwiches and coffee were served by the ladies of the Auxiliary.

A large crowd attended the free show "Rhino" shown in the afternoon and the day was rounded off with a dinner-dance in the evening.

The Pembina Valley Beef and Forage Club held their November meeting at the H. Hutchinson home. New officers elected were John Ohnesty as President and Terry Kremenluk as Secretary. Leaders are Mrs. W. Brennstuhl and Mr. H. Hutchinson. Plans were made for various activities during the coming year.

The Wildwood and District Agricultural Society directors also held their November meeting at the H. Hutchinson home. Discussion took place over the possibility of undertaking a centennial project. Plans were also tentatively made to put on some form of entertainment other than bingo, early in the new year. Points

## "The Alberta Commercial Corporation helped us to expand"

When credit was unavailable through regular financial facilities this firm received monetary assistance from the Department of Industry and Development through the Alberta Commercial Corporation. Aid was made available for inventory financing which included purchase of raw materials or standard equipment components; for financing production equipment and for land and building financing to enlarge facilities. The Department also assisted this firm through the Alberta Bureau of Statistics with information on present and potential markets and the availability of materials.

Services of the Department of Industry and Development extend beyond financial and statistical assistance to established firms. The counselling services of the Industrial Development Board encourage the formation of industrial committees in various centres and supply information to firms outside Alberta to promote the immigration of new industry.

By providing financial, statistical and counselling assistance the Department of Industry and Development plays an important role in the economic progress of Alberta.

#### IMPROVED

#### FEED UTILIZATION

Cutting or pelleting hay can improve the feed efficiency of beef animals according to Dr. R. Hironaka and Dr. C.B. M. Bailey of the Lethbridge Research Station. They say the improvement results from a different type of bacterial action in the rumen which enables the cattle to make more efficient use of the energy in the feed.

Cattle were fed four rations with varying proportions of hay and grain, but they were fed so the intake of digestible energy was the same for each lot. The ratio of hay to grain in the rations was 7:1, 2:1, 1:2 and all barley. The average gain for each group respectively was 1.34, 1.53, 1.55 and 1.64 pounds per day.

Despite the same energy intake, cattle on the rations containing less hay gained significantly more. The reason, says Dr. Hironaka, is that the finer feed results in a different bacterial action in the rumen, and during the digestive process there is a greater formation of propionic acid which is used more efficiently by the animal. Where the ration contains more hay, the breakdown during digestion forms more acetic acid which tends to be lost as heat rather than building body tissue.

Further research has shown that this difference in gain between the different rations can be overcome by cutting or pelleting the hay, and that the more desirable bacterial action results when this is done.

## Lodgepole News

MRS. W. NORQUAY  
Correspondent

Tuesday night in Lodgepole was a meet the teachers night. There was a very good turn out of parents.

A lot of folks weren't feeling too good these past few days. Quite a few had colds or were just getting over the flu that is going around or the attendance might have been larger.

A nice lunch was served and a small donation was accepted for the Red Cross.

Miss Marilyn MacMillan had a birthday this week and entertained 8 youngsters counting her little sister Carol. They enjoyed games, cake and ice cream.

Mr. Ed Moisey is away on a hunting trip.

## Chocolate Shortbread -

Sift together:

2 cups sifted flour  
1/2 tsp. baking powder  
1/4 tsp. salt

Cream together:

1 cup butter or margarine  
1 cup light brown sugar, firmly packed

Add and beat until fluffy:

1 tsp. almond extract  
2 tbsp. instant coffee  
Add sifted dry ingredients and:  
1/2 cup chopped almonds  
1 6 oz. pkg. (1 cup) semi sweet chocolate pieces.

Spread in ungreased 15 x 10 inch pan. Bake at 350° F. for 25 minutes. Remove from oven and cool slightly. Cut in 1 x 2 inch bars and remove from pan. Makes 75 bars.

## Scotch Shortbread -

1/2 lb. (1 cup) butter  
1/2 cup granulated sugar  
2 1/2 cups sifted all purpose flour  
1/4 cup rice flour  
Few grains salt

Cream together butter and sugar. Work in flour, salt and rice flour and knead until mixture holds together. Roll to 3/8 inch thickness and cut in squares or rounds, or form into rolls. Chill and cut. Bake at 325° F. for 25 to 30 minutes or until a pale golden color. The shortbread may be sprinkled with tinted sugar before baking.

## Tipsy Balls -

1 1/2 cups vanilla wafer crumbs (30 wafers)  
Pinch of salt  
2 tbsp. corn syrup  
5 tbsp. rum or more if necessary to hold ingredients together  
2/3 cup chopped pitted dates  
1 cup chopped pecans or black walnuts or half of each  
12 candied cherries, chopped  
1/2 cup finely chopped candied pineapple

Mix all ingredients together with a large mixing spoon or clean hands. Form into 3/4" balls. Place balls in box lined with waxed paper, cover and let stand several days. Drop more rum on each ball with a medicine dropper, and let stand 2 or 3 days longer in the covered box. When ready to serve, roll in powdered sugar.

## Gingerbread Men -

1/2 cup shortening  
1/2 cup sugar  
1 cup unsulphured molasses  
1 egg, separated  
2 cups sifted all purpose flour  
1/2 tsp. salt  
1/2 tsp. baking soda  
1 tsp. baking powder  
1 tsp. ground cloves  
1 tsp. ginger  
1 1/2 tsp. cinnamon  
1/2 tsp. nutmeg  
Cream together shortening, sugar and molasses. Add egg yolk; mix well. (Reserve egg white for frosting). Sift together flour, salt, baking soda, baking powder and spices. Stir in flour mixture; mix well. Chill. Roll out dough 1/4 in. thick on lightly floured board. Cut with gingerbread men and animal cookie cutters and place on ungreased baking

sheet. Bake at 350° for 8 to 10 minutes. Cool. Decorate with Ornamental Frosting. Makes about 50 cookies.

## Lacy Brandy Snaps -

1/2 cup molasses  
1/2 cup butter  
1 cup sifted all purpose flour  
1/2 cup sugar  
1 tsp. ginger  
Heat molasses to boiling point; add butter. Stir until melted. Sift together flour, sugar and ginger. Gradually add to molasses mixture; mix well. Cook over very low heat until thick, about 3 minutes. Drop by tsp. 2" apart on greased baking sheet. Bake at 325° F. for 8 minutes. Cool slightly; use spatula to loosen edges. Working fast, roll over handle

## WHAT DOES AN INSECT EAT?

Nutritional research has made many important contributions to the health of man and it also has opened the door to bigger returns for livestock producers.

Now scientists are probing the diets of insects. Their objective is different this time—control of the pests.

What does an insect eat? This is a question that requires many answers, says Drs. A.J. McGinnis and R. Kasting, who are carrying out insect nutrition studies at CDA's Lethbridge research station. Insects feed on all types of plant and animal materials—and there are nearly a million known species of insect

of wooden spoon. If cookie becomes too crisp to roll, warm a few minutes in oven. Makes 40.

THE WESTERN REVIEW  
Page 5

Drayton Valley, Alberta  
November 24, 1965

Some insects like the cutworm have a tremendous rate of growth that demands much food, the researchers point out. A cutworm increases in 2,000 times within 30 days of being hatched. Applied to a piglet, the rate of gain would mean a weight of two tons by the time the animal

was a month old. Because of this very high growth rate the nutritional approach to insect control appears feasible. For example, alteration of the food supply so that it is either deficient, if a required nutrient, or is nutritionally imbalanced, could adversely affect insect development.

## OILFIELD TEEN CLUB ORGANIZES "MEALS-ON-WHEELS"

Back row (left to right): Ronald Link, Black Diamond representative; Lawrence Rest, Vice-President; Douglas Price, President. Front row (left to right): Arlene Lang, Sec.-Treasurer; Maureen Detlor, Social Convenor; Marion Snethlege, Social Convenor.

Senior citizens in the Turner Valley district are grateful for the foresight and concern of a group of enterprising teenagers from this southern Alberta community.

The Oilfield Teen Club began its "meals-on-wheels" project last Christmas to give aged and infirm citizens a good Christmas dinner. That was just a start. Hot, nutritious meals are now supplied regularly. The Oilfield Teen Club has been active in many other ways. It has adopted a Korean boy through the Foster Parents Plan, worked for the Cosmopolitan Club, furnished a room in the Turner Valley hospital and sponsored social and educational

activities. One member recently won three University scholarships, including a national award by the Canadian Legion.

We congratulate the Oilfield Teen Club—this year's Group Award Winner. Our thanks to Alberta's Weekly Newspaper Editors for their active cooperation in the Alberta Junior Citizen of the Year program, sponsored by Alberta's investor-owned electric utility companies.

This is one of a series of Junior Citizen Award announcements. Our special thanks to Graham Smith, Editor of the North Hill News and nominator of the Group Award winners.

# Water Resources Study To Be Shared By Federal, Provincial Governments

THE WESTERN REVIEW  
Page 6

Drayton Valley, Alberta  
November 24, 1965

In conjunction with the other two prairie provinces and the Federal Government, Alberta has indicated her willingness to share in undertaking a study of the water resources of the Saskatchewan-Nelson River Basin. The study, which is estimated to cost approximately \$5 million, will concentrate on control, conservation and supply aspects only, including diversion possibilities, and will produce preliminary information on the river systems as a whole.

The decision to make the study was taken at a conference of ministers of the Prairie Provinces and the Federal Government, at which it was pointed out that approximately one-third of the fresh water in the world has its source in western Canada.

The major rivers in the Saskatchewan-Nelson Basin, the Saskatchewan, Dauphin, Red, Winnipeg and Nelson, drain a total area of 738,000 square miles. The basin encompasses an area which extends from the eastern slopes of the Rocky Mountains in Alberta to the eastern Great Divide in Ontario. The northern extremity is at Hudson's Bay, while the southern border projects into the United States at two points, to take in the headwaters of the St. Mary River in Montana, and the headwaters of the Red River, in North Dakota.

While specific projects will be considered, and costs developed on some 55 damsites and various canals and channel improvements, the main purpose of the study will be to establish a first major inventory. Any specific promising projects would require separate and detailed further evaluation before construction.

The study period is expected to be approximately three years. The Committee of Ministers, of which the Honourable H.E. Strom is Chairman, will exercise general supervision over a Saskatchewan-Nelson Basin Board, which will be appointed by the governments to supervise the investigation. The Board will consist of five persons, one each from the three prairie provinces, one from the federal government, and a chairman to be named by the Ministerial Committee. It is expected that a Study Director will be named who will correlate the work of the various agencies engaged in the study.

It is hoped by such studies as this to achieve as soon as possible a degree of knowledge and planning of the fundamental water resources to enable Canada, and the prairies in particular, to avoid the serious water problems now arising in other parts of the North American continent.

Larry Beckett, Penny Meier and John Mulgrew toast the Queen, Audrey Smale, in this scene from "The Poison Party," another of the plays

to be presented in "An Evening of Comedy" by the Drayton Valley Players in St. Anthony's School, on November 26th and 27th.

## EVANSBURG C.W.L. MEETS

On October the twenty-fourth thirteen members and three guests attended the C.W.L. meeting in the Church meeting room.

We were very happy to have our visitors at the meeting as we feel that they had very constructive advice to offer.

It was decided to hold a tea and bake sale and bazaar on December 4th in the Evansburg Hotel basement. Further details will be discussed at the November meeting.

It shouldn't be necessary to remind Canadians of the nutrient virtues of cheese, considering that Canada has some famous cheeses produced here in this country.

Cheese must be one of the oldest foods of mankind - there isn't even a legend explaining how someone discovered or invented it. All that is known for certain is that cheese is one of our valuable foods. It is completely versatile, delicious in company with many other foods or just nibbled "en solo".

the weekend.

## D.V. HIGHLIGHTS

By Edith Deby

The following quotation is taken from the November 11th issue of the Whitecourt Star. We feel it shows that Whitecourt is, indeed, a progressive town with ultra-modern ideas. "If you would like to spend two days and nights with the companion of your choice, at a fabulous hotel on the Strip, in Las Vegas, all expenses paid including the return trip by air, now is your chance. The Whitecourt Ladies Curling Club are raffling tickets etc."

Miss Barbara and Miss Patricia MacKenzie, of Vermilion have just returned from an extended tour of Europe. They called on their Scottish relatives and thoroughly enjoyed their stay in the highlands. Upon their return to Canada the girls came to give their Drayton Valley relatives an account of their travels.

Mr. and Mrs. John Danderfer, and family, spent the weekend with Mrs. Danderfer's

parents, Mr. and Mrs. Francis Law.

Mr. and Mrs. William Beckett had an influx of visitors last weekend when Mr. and Mrs. Fred Beckett of Paradise Valley, Mr. and Mrs. Don Beckett and family of Tomahawk, and Mr. Elmer Beckett, of Edmonton arrived at the former's home.

Mr. and Mrs. Creighton of Blackfalds, were guests of Miss Margaret MacKenzie.

Mr. and Mrs. Robert Haynes have been transferred to Swift Current, Saskatchewan. Mrs. Haynes will be especially missed for her lovely voice. She has always been so generous with her time and talent.

Best wishes are extended to newly weds Mr. and Mrs. Dave Baker and Mr. and Mrs. Eugene Urchyshyn.

Library custodians are gratified by the response received to Young Canada's Book Week. Several teachers came in with

their classes in response to the invitation printed by Mr. Smith on the front page of The Western Review.

The Reverend and Mrs. James Strachan are being visited by their parents during the month. Mr. and Mrs. R. E. Black of Winnipeg, Mrs. Strachan's parents, expect to leave for their home on Satur-

# Education for Leisure Workshop Report

"In the near future leisure - not work - will be what decides whether we are creating a worthy human culture or not." So began a most interesting workshop entitled Education for Leisure, which was jointly attended by members of recreation boards and school boards of the province of Alberta. The people concerned with education and those concerned with recreation work for the betterment of mankind. The workshop at Banff marked a great step forward in bringing education and recreation into a working co-operative arrangement.

The workshop although entitled Education for Leisure was not leisurely in pace, the meetings, which took the form of keynote addresses followed by discussion groups ran from 9:00 a.m. to 10:00 p.m. each day of the two day conference.

One of the main points of the conference centered around what we do with our leisure time. Prof. Stensland felt that leisure time must fulfill a man's desire to be someone, to do something, and finally a man's desire to become someone.

Another point brought out the fact that if education and recreation are both to be carried on efficiently and economically in the community there must be a greater co-operation between school boards and local governments. At present, as one speaker said, our school gymnasiums are "sacred cows" expensive buildings reserved for very limited use. It was also pointed out recreation centers, such as halls, lose their true use as recreation centers, because much of the time these buildings are used for money making activities to pay for the maintenance of the building. Thus these buildings become "pink elephants" (white elephants with a liquor license).

Finally it was felt that the governmental policy toward recreation would have to undergo some drastic changes within the near future. The need of trained leaders was discussed. The needs of the communities were discussed many times and it was pointed out there is a great need for co-operation between rural and urban centers. The needs of the individual were discussed, in the

future automated society the field of recreation will offer a very important way in which each individual can be truly individualistic and attain a feeling of being worthwhile.

It was indeed a privilege to attend this workshop for it gives the individual a chance to look away from purely local problems, to problems on a provincial basis, to look away from today and try for a moment to look into the future.

## REFEREES CLINIC

A hockey referees' clinic will be held for all those interested in refereeing hockey during the coming season. Plans are to extend the clinic over three nights. The proposed dates are Monday, November 29th, Wednesday, December 1st and Friday, December 3rd.

The main purpose of the clinic is to review the C. A. H. A. Rule Book and openly discuss interpretations of the different rules especially the controversial type of rule of which there are many in the present rule book.

All those interested in this clinic may obtain further information at the Recreation Office.

## Hockey Registration

There will be registration in the Drayton Valley Minor Hockey program every evening this week from 3:30 p.m. until 5:00 p.m. All those interested in playing Minor Hockey at any level from Juvenile to Mite are asked to register as soon as possible in order that the Minor Hockey program may be implemented at the earliest possible opportunity. The ice is ready, now all we need is hockey players and we are set for, hopefully, a successful hockey season.

In order that the categories of Minor Hockey here in Drayton are clear to everyone it might be well to review our organization at this time.

The age groupings for Minors range from six years of age to eighteen years. They are categorized as follows: MITES: 6 to 9 years. To be eligible a boy must be at least six years of age or in regular attendance at school and must be nine years of age before May 31, 1965.

PEE-WEES: Players 9 to 12 years of age. All players born after May 31, 1953.

BANTAMS: Players 12 to 14 years of age. All players born after May 31, 1951.

JUVENILE: Since we have no Midget classification in our

program the Juvenile grouping covers a wide range between the ages of fourteen and eighteen years. The Juvenile level will include all boys who are not eligible, because of age, for the Bantam category and all those born after May 31, 1947.

If you plan to play Minor Hockey this winter register at

SHOW TIME 8:00 P.M. EACH NIGHT  
SATURDAY 2:00 P.M. AND 8:00 P.M.

Thursday, Friday and Saturday - November 25th, 26th and 27th  
GOLDFINGER - James Bond-Sean Connery as Agent 007.  
Saturday Matinee and Monday - November 27th and 29th -  
THE FAMILY JEWELS - Jerry Lewis  
Tuesday and Wednesday - November 30th and December 1st -  
KISS ME, STUPID - Dean Martin, Kim Novak and Ray Walston.

## If your beneficiary dies first, what will happen to your life insurance benefits?

When the unexpected happens, as it sometimes does, it's important to know what steps to take. That's why the competent advice of your Manufacturers Life representative is so valuable. Here are some of the practical points he'll cover.

1. Unless you originally named an alternative or contingent beneficiary, the money from your policy would be payable to your estate. This may tie up the money and subject it to creditors claims and unnecessary estate costs. In the end, it might not even go to the person you would have chosen unless your will is up to date.

2. If young children were also originally named as beneficiaries, and they are still under age, another problem arises. Unless you make special provision, the policy proceeds at your death would have to be paid into court and held until they reach their majority.

But don't wait until something like this happens. Call your Manufacturers Life representative to-day. He will review your beneficiary arrangements—and suggest changes if they are necessary. He is experienced in matters of this kind, and he offers you the kind of counsel you can rely on.

Watching Dick Wedman weld in the above photo are Bill Richardson, Bob Simon and Lawrence Kessler (kneeling). The men took part in a recent

welding course sponsored by Double S Farm Supply and Lincoln Electric. Eleven men were enrolled for the five week course. Mr. Simon says there

is a possibility of another course if ten or twelve persons are enrolled. Anyone interested should contact Bob Simon.

## Curling News

Kevin Goble, manager of the Texaco Operations at Cynthia, took over the position of President of the Drayton Valley Curling Club. Former president, Jorne Bartley, has been transferred to Edmonton. Working under Kevin Goble this year will be Treasurer, Darryl Trueman, Secretary, Ken Ewoniak and Directors, Emil LaBranch, Fred Holan, Grant Campbell, Grant Shearer, Jim Tiet and Lounge Manager, Bob Belward.

The executive hopes for one of the better curling seasons this year, with an early start and great enthusiasm success seems almost a sure thing.

The annual Turkey Spiel which was quite popular two years ago will be run off again on December 17th, 18th and 19th. This will give the curlers a chance to win their Christmas dinners. Entries to this spiel can be sent to the Curling Club where an entry list is available. Only 32 rinks will be accepted.

The Sunday Pilsner League are presenting thrills a minute, a record game was recorded last Sunday afternoon when

Archie Griffith upset Dr. H. Shimbashi 4 - 3 after 12 ends. A record 6 ends were blanked during the course of the game. In other action Al Small defeated Ray Wickens pinch hitting for Ken Ewoniak, 12 - 11 after 13 ends. A five ender by Ron Meiers was not enough as Duane Boliantz defeated him 10 - 9, in other games Bannard defeated Machan 11 - 7 and Bill Nikolyuk won his game by default as Evansburg failed to show. Top curling action can be seen every Sunday afternoon from 2:00 to 5:00 at the Curling Club.

Bill Fiveland and his rink of Marshall Vanderploeg, Archie Stroh, and Ed Strach seem to be the team to watch as they are 3 straight in "A" Section of the Men's League. The rink comes in from Cynthia twice a week and the power plugged rink seem to be the power in the club this year.

The Oilwives just completed their weekend bonspiel, special guests were Don and Ruth McKinnon of Edmonton, and Bill and Eve Snodgrass from

Valleyview. By the sound of the comments the bonspiel will have to be an annual affair.

December 11th the Drayton Valley Lions Club will be holding a Club spiel for their members. Emil LaBranch is handling the spiel and at present arrangements are almost complete.

Club members are reminded that this weekend is Grey Cup Weekend and the new T.V. and Sound are improved in the Club Room. Lounge manager, Bob Belward has great plans for the day.

THE WESTERN REVIEW

day long spiel. Proceedings moved smoothly along under Conveners Jackie Timmins and Dorothy Goss and Club Program Chairman, Pat Milne.

Lovely prizes were won by the four top rinks. First prize went to Kevin and Donna Goble and John and Marg Balen. Second prize went to Bill and

Eve Snodgrass and Morley and Pat Sutor. Third prize was won by Archie and Evelyn Griffith and Dean and Kay Meraw. Fourth prize went to Trev and Anne Piper and Ed and Carol Strach.

Following the curling everyone sat down to a delicious buffet supper. Despite many sore muscles, all report a most enjoyable day.
